**JUST THE FACTS**

Every five minutes, someone is diagnosed with a blood cancer. Every ten minutes, someone dies. And leukemia causes more deaths than any other cancer among children and young people under the age of 20.

The five year survival rate for children under 5 with Acute Lymphocytic Leukemia (ALL) is up to 90.4%. As great as this percentage is, we still have quite a way to go.

An estimated 823,349 Americans are still living with leukemia, Hodgkin and non-Hodgkin lymphoma, and myeloma.

Team In Training is a celebration of life, the human spirit, physical ability and mental endurance. All of us on Team In Training are raising funds to help stop leukemia, lymphoma, Hodgkin's disease and myeloma from taking more lives.

Want to run a Marathon, complete a Triathlon, or bike a Century? The Leukemia & Lymphoma Society's Team In Training Program can help you get there! Go to the website to find out more:
